Mission & Vision

Mission Statement
The mission of the EKU Honors Program is to provide its students with the best intellectual resources available at the university in order to empower them to attain their highest academic and professional goals. We develop the whole student by way of our interdisciplinary, small classes, our support of student research and travel to regional and national conferences, and our offering of a wide variety of cultural and out-of-classroom experiences.

Vision Statement
The EKU Honors Program aspires to national recognition as an exemplary program. Our graduates will be successful in their chosen academic and professional paths, as well as informed and responsible citizens in their local communities and the world. We will build on our traditional strengths by extending honors opportunities to broader segments of the EKU student body while continuing to cultivate a spirit of creative and innovative learning and teaching throughout the EKU community.
Administration

Administration & Staff
The EKU Honors administration and staff is made up of the following individuals. Their email addresses are listed below; more contact information for each is available on pg. 25 under the “Who to Contact For…” section.

Dr. David Coleman, Interim Director
david.coleman@eku.edu

Dr. Minh Nguyen, Associate Director
minh.nguyen@eku.edu

Dr. Erik Liddell, Faculty Fellow
erik.liddell@eku.edu

Ms. Katie Patton, Program Coordinator
katie.patton@eku.edu

Ms. Theresa Dunn, Administrative Assistant
theresa.dunn@eku.edu

Honors Advisory Committee
The Honors Advisory Committee exists to hear and approve matters of admissions, policy, and curriculum. The committee consists of the Director, Associate Director, Faculty Fellow, and Program Coordinator, as well as faculty representatives from each of the five academic colleges (one each from the three divisions within the College of Arts and Sciences), a staff representative, and three student members (the current Honors Student Advisory Council (HSAC) president, an appointee of the SGA president, and an appointee of the Director).

The current members of the Honors Advisory Committee can be found at http://honors.eku.edu/honorsadvisorycommittee, where they are updated on an annual basis.
Admission & Application Requirements

EKU Honors utilizes an annual application cycle. New students are only admitted to Honors for the fall semester, unless the student qualifies as an automatic transfer (see “For Students Transferring to EKU” on pg. 7).

Students must apply and be accepted into EKU before they apply for EKU Honors. Students should plan ahead to ensure that they will be accepted as an EKU student and still have time to complete the Honors application before the Honors deadline.

The Honors application is found online at the Honors website (http://www.honors.eku.edu). The application will open on the first Monday of August each year, and the deadline for submitting applications is the second Monday in January each year. No late applications will be accepted.

The Honors application includes the online application, an essay responding to one of several topics listed, a résumé, and a letter of recommendation. Students must submit each part of the application for it to be considered complete. All parts of the application must be submitted by the deadline.

All applications to EKU Honors are reviewed after the application deadline has passed. All students will be notified of their application status beginning in mid-February. Students who are accepted into EKU Honors must confirm their place by May 1, following the instructions in their acceptance packet. Students who do not confirm their place in EKU Honors by the May 1 deadline are not considered part of the incoming Honors class and are not members of EKU Honors.

(Admission & Application Requirements continued on next page)
Admission & Application Requirements

For incoming first-year students:
EKU Honors has a limited number of spots for incoming first-year students each year. Incoming first-year students are eligible to apply to EKU Honors during the annual application cycle and are only eligible to begin in the fall semester. The admissions targets for incoming first-year students are a 27 ACT (or SAT equivalent) and a 3.50 unweighted high school GPA. These targets do not mean that students who meet both of these targets are automatically accepted into Honors, nor are students who do not meet these requirements excluded. EKU Honors uses a holistic application review process. Each applicant’s entire application is reviewed by the selection committee, and all parts of a student’s application are considered when making an admission decision.

Students who have been identified as National Merit Finalists or National Merit Semi-Finalists are automatically accepted into EKU Honors; however, these students must still complete an information form available via the Honors website (http://honors.eku.edu/ NMFSF). Students who have completed the Governor’s Scholars Program or the Governor’s School for the Arts are strongly encouraged to apply for admission to EKU Honors.

For current EKU students:
EKU Honors accepts current EKU students each year. Current EKU students are eligible to apply to EKU Honors during the annual application cycle and are only eligible to begin in the fall semester. The admissions target for current EKU students is a 3.0 cumulative college GPA. This target does not mean that students who meet this target are automatically accepted into Honors, nor are students who do not meet this requirement excluded. EKU Honors uses a holistic application review process. Each applicant’s entire application is reviewed by the selection committee, and all parts of a student’s application are considered when making an admission decision.
Admission & Application Requirements

For students transferring to EKU:
EKU Honors accepts transfer students each year in one of two ways:

♦ Transfer students who are currently in good standing in an honors program or college at their current institution are eligible for automatic transfer into EKU Honors. These automatic transfer students are eligible to begin EKU Honors in either the fall or spring semesters, as long as all required documentation is received prior to the beginning of the semester in which the student would like to begin. Required documentation for automatic transfer includes a letter from the student’s current honors program or college director, stating that the student is in good standing, as well as a transcript from the student’s current institution. Students who are interested in the automatic transfer office do not need to complete the Honors application. Instead, these students should contact the Honors office or visit http://honors.eku.edu/who-can-apply#Transfer for more information and instruction.

♦ Transfer students who are not currently in an honors program or college at their current institution should complete the Honors application during the annual application cycle. These students are only eligible to begin EKU Honors in the fall semester. The admissions target for transfer students is a 3.0 cumulative college GPA. This target does not mean that students who meet this target are automatically accepted into the Honors, nor are students who do not meet this requirement excluded. EKU Honors uses a holistic application review process. Each applicant’s entire application is reviewed by the selection committee, and all parts of a student’s application are considered when making an admission decision.
Scholarships & Other Awards

All active EKU Honors students are eligible for the following scholarships and awards:

**Honors Presidential Tuition Scholarship - $1750 per semester for up to eight semesters**

EKU does not typically stack tuition scholarships. Students who enter EKU Honors as new, first-time freshmen will receive the highest EKU tuition scholarship for which they qualify. Only if an incoming Honors student does not receive a higher tuition scholarship than the Honors Presidential scholarship will the student receive that award.

Students who join EKU Honors as currently enrolled EKU students will continue to receive the EKU tuition scholarship they were awarded upon entry to EKU and will receive the Honors Presidential Scholarship if they were not awarded another such scholarship.

Incoming transfer students may sometimes be able to stack scholarships. Please contact the Scholarship Office (http://www.scholarships.eku.edu) for more information.

**Honors Books-on-Loan Award – books for all courses that are available at the EKU Bookstore for up to eight semesters**

All Honors students, regardless of tuition scholarship, will receive the Honors Books-on-Loan award. This award provides books for all courses, as long as those books are available through the EKU Bookstore. These books must be returned to the EKU Bookstore at the end of each semester. If students wish to keep books for their own reference, they may do so by purchasing the books at a reduced rate from the EKU Bookstore.
9th and 10th Semester Scholarships
Some students may require an additional semester or year to complete their degree requirements. Each year, EKU Honors will accept applications for extra semester funding from students who are in this situation. If a student is awarded an extra semester scholarship, the student will also receive the Books-on-Loan award for the extra semester(s) of scholarship.

Utilizing a semester of scholarship in the summer
All students receive eight semesters of tuition scholarship and the Books-on-Loan award. Some students may wish to use a semester of scholarship during the summer, rather than during a fall or spring semester. All students interested in doing this must contact the Scholarships Office and have this approved by both Scholarships and the Honors Office. Students using one of their eight semesters of scholarship during the summer will also be awarded one of their eight semesters of the Books-on-Loan award for that same summer.
EKU Honors offers three curriculum tracks for students. Students must complete the course requirements in their curriculum track, as well as graduate with the required cumulative GPA, to graduate as an Honors Scholar (see “Requirements to Graduate as an Honors Scholar,” pg. 20).

Students who begin EKU Honors in the fall of their first year at EKU may choose between two curriculum tracks – Honors Flex or Honors Core. Currently enrolled EKU students and transfer students will complete the Honors Current/Transfer curriculum.

Each Honors student will be assigned an Honors advisor, who is available to assist students in choosing Honors courses that will fulfill their curriculum requirements. The Honors advisor is not able to provide students with advising regarding their major requirements or with their RAC number, and students are still required to meet with their major advisor each semester.

Students are strongly encouraged to meet with their Honors advisor each semester as long as they still have remaining Honors courses to complete. It is the responsibility of the student to ensure that all of their curriculum requirements have been met in order to graduate as an Honors Scholar.

More information on required Honors courses is given in the “Courses” section of this handbook, found on pp. 13-14.
Curriculum Tracks & Requirements

Honors Flex:
Incoming first-year students who are bringing six or more college credit hours (AP, IB, dual credit, etc.) to EKU will complete the Honors Flex curriculum. This curriculum requires 25 hours of Honors coursework and is designed to allow students to use their existing credit, in conjunction with Honors courses, to complete their EKU general education and university requirements.

Required courses for students on the Honors Flex curriculum are:
- HON 100 – Honors Seminar
- HON 102/103 – Honors Rhetoric
- HON 420 – Honors Thesis
- 9 hours of Honors interdisciplinary seminars

There are certain majors at EKU that require students to complete the Honors Flex track, even if they are not bringing in six or more college credit hours. Honors advisors will provide guidance for students who may fall into this category.

Honors Core:
Incoming first-year students who are bringing in less than six college credit hours will complete the Honors Core curriculum. This curriculum requires 34 hours of Honors coursework and is designed to allow students to complete their EKU general education and university requirements in 37 hours, rather than the 43 hours typically required. Honors Core students complete Honors courses to fulfill all of their general education and university requirements, excluding the wellness requirement.

Required courses for students on the Honors Core curriculum are:
- HON 100 – Honors Seminar
- HON 102/103 – Honors Rhetoric
- HON 216 – SEEing Science in Appalachia
- HON 420 – Honors Thesis
- 12 hours of Honors interdisciplinary seminars, with at least one of each of the following course numbers appearing as a cross-listed course: HON 304W, HON 307W, HON 308W, HON 310W, HON 312W, and HON 320W

(Curriculum Tracks & Requirements continued on next page)
Honors Current/Transfer:
Currently enrolled EKU students and transfer students will complete the Honors Current/Transfer curriculum. This curriculum requires 18 hours of Honors coursework and is designed to allow students to complete remaining EKU general education and university requirements with Honors courses. However, students who may be finished with all of their general education and university requirements are still able to complete the Honors Current/Transfer curriculum.

Required courses for students on the Honors Current/Transfer curriculum are:
♦ HON 420 – Honors Thesis
♦ 12 hours of Honors interdisciplinary seminars

Automatic transfer students (those students coming from another university’s honors program or college) may use up to six hours of transfer honors credit to fulfill the 12 hours of Honors interdisciplinary seminars. These courses must begin with an HON prefix or prefix otherwise designated as Honors-only courses.
Courses

Honors courses are designed to be engaging, interesting, and different from other college classes. Courses are typically capped at 20 students per section and team-taught by two professors in varying disciplines. Honors students typically find that this course design allows them to interact with their peers and their professors on a richer level.

Courses Required of Incoming First-Year Students:
HON 100 – Honors Seminar (1 credit hour)
♦ Fulfills the EKU Student Success Seminar requirement
♦ Designed to introduce Honors students to life at EKU and in EKU Honors
♦ Meets 1 day a week during the fall semester

HON 102/103 – Honors Rhetoric (9 hours)
♦ Fulfills EKU’s communication general education requirements (ENG 101, 102, and communication)
♦ Required for all incoming first-year students, even if they already have credit for ENG 101, 102, and/or oral communication
♦ Meets every day of the week during the fall semester

Courses Required of All Honors Students:
HON 420 – Honors Thesis (6 hours)
♦ Fulfills EKU’s Applied Creative and Critical Thinking (ACCT) requirement
♦ Gives students the opportunity to design and complete a thesis of any topic of their choosing
♦ Typically completed over two semesters (3 hours each semester)

(Courses continued on next page)
Courses

Honors Interdisciplinary Seminars:
These courses are designed to fulfill elements of EKU’s general education requirements. The list of interdisciplinary seminars offered changes each semester, so there are always new and interesting courses from which to choose. Honors interdisciplinary seminars are often cross-listed with two or more course numbers. Students are strongly encouraged to complete Honors advising appointments to ensure that the correct courses are being taken to fulfill general education requirements.

</tbody>
</table>

Other Honors Courses (optional and not required):
HON 180 – Honors Wellness (3 hours)
♦ Fulfills EKU’s University Wellness requirement
♦ Allows Honors students to complete the wellness requirement in a small, project-based course

HON 390 – Directed Topics in Honors (1-3 hours)
♦ Awards credit for students completing conference presentations or serving in leadership roles within Honors
♦ Students may receive up to 3 hours of HON 390 credit
The Honors Thesis is the culminating work of a student’s time in EKU Honors and is a chance for students to complete a research project on a topic of their interest and to be mentored by a faculty member with interest in the same topic. Each student must complete an Honors Thesis to graduate as an Honors Scholar (see “Requirements to Graduate as an Honors Scholar,” pg. 20).

**The Topic:**
The Honors Thesis can take whatever form suits the subject (a research paper, a creative composition or piece of art, a performance or recital, etc.). The thesis topic is often in the area of a student's major or minor, but it does not have to be. If students wish to use their thesis project as part of a capstone project within their major, they must consult with their major and/or department to see if that is an option.

**The Mentor:**
Students should carefully choose a thesis mentor who has a similar interest in the chosen thesis topic. The Honors Director is available to provide assistance to students as they choose a thesis mentor.
The Process:
The Honors Thesis process typically spans three semesters. Initial preparation begins the semester before a student plans to take the HON 420 course. Students then complete three credit hours of HON 420 in the next semester while attending the actual thesis seminar course. In the third semester, students complete the remaining three credit hours of HON 420 while independently completing their thesis project and presenting their work at the biannual Honors Thesis Presentation event.

Occasionally, students may choose to complete all six credit hours of HON 420 during one semester, attending the thesis seminar course and presenting their work at the Honors Thesis Presentation event during that semester. Students should consult with the Honors Director if they plan to do this.

The Honors Thesis Handbook, along with the necessary forms required for the Honors Thesis process, are available online at http://honors.eku.edu/honors-thesis-information and contain a thorough explanation of the Honors Thesis process. Honors Thesis Advising Sessions occur each semester, and students should attend one of these sessions in the semester before they plan to enroll in HON 420.
Definition of an Active Participant in Honors

An active participant of EKU Honors is any student who meets all three of the following criteria:

♦ Currently enrolled at EKU and in EKU Honors and is working toward an undergraduate degree
♦ Meets the minimum GPA requirements outlined in the “Requirements to Remain in Honors” section on pp. 18-19
♦ Making progress toward completing Honors coursework requirements as outlined by his/her curriculum
  – Students are not required to take an Honors course each semester; however, students must be making progress toward completing their Honors curriculum. This includes enrolling in HON 420 with adequate time to complete a thesis before graduation. Students who are not making progress toward the completion of the Honors curriculum may be subject to removal from the program for inactivity (see “Requirements to Remain in Honors,” pp. 18-19).

Privileges of Active Honors Students

Students who are active participants in EKU Honors enjoy several privileges, including:

♦ Priority registration for classes
♦ Extended library check out privileges
  – Ability to check out materials from the EKU Library for a four-week period & the same interlibrary loan privileges as faculty and graduate students
  – Please email ekuhonors@eku.edu if you would like to utilize this privilege
♦ Use of the Honors Study Lounge (Case Annex 149)
♦ Graduate exam reimbursement of up to $100
  – Email ekuhonors@eku.edu for more information
♦ Honors Housing in Burnam Hall
  – Honors students have the option to live in Burnam Hall. Requests to live in Burnam will be handled through University Housing.
♦ Extension of the Books-on-Loan Award for graduate school if completing a graduate program at EKU
Requirements to Remain in Honors

To remain in EKU Honors, students must meet the definition of being an active participant in Honors (see “Definition of an Active Participant in Honors,” pg. 17). Each spring, the academic and participation records of each Honors student are reviewed. During this review, students may be placed on Honors probation or removed from EKU Honors for academic ineligibility or for inactivity. If students are placed on probation or removed from EKU Honors, they will receive notification at their local permanent address in the Banner system of the University and at their official EKU student email address.

Exceptions to these eligibility policies may be recommended by the Honors Program Director, but such exceptions must be approved by the Honors Program Advisory Committee.

GPA Required for Students Who Entered EKU Honors Prior to Fall 2015:

To be eligible for continued enrollment in Honors courses (and to be eligible as an active participant in EKU Honors), students must maintain the following minimum cumulative grade point averages:

- 36-71 hours attempted: 2.50 GPA
- 72 (or higher) hours attempted: 2.75 GPA

Students will be placed on Honors probation if their cumulative GPA falls below the following levels:

- 2.5 GPA for 24 or more attempted hours
- 3.0 GPA for 36 or more attempted hours
**Requirements to Remain in Honors**

**GPA Required for Students Who Entered EKU Honors Fall 2015 and After:**
To be eligible for continued enrollment in Honors courses (and to be eligible as an active participant in EKU Honors), students must maintain the following minimum cumulative grade point averages:

- 3.00 GPA up to 60 completed hours
- 3.20 GPA after 60 completed hours and to graduate as an Honors Scholar

Students will be placed on Honors probation if their cumulative GPA falls below the following levels:

- 3.0 GPA up to 60 completed hours
- 3.2 GPA after 60 completed hours

**Honors Probation:**
Students will be placed on Honors probation for one semester. At the end of the Honors probation semester, a student’s academic record and GPA will be reviewed. If the student’s GPA does not improve within the probationary semester, the student may be removed from EKU Honors.

Students who are placed on Honors probation should not enroll for more than 15 hours of coursework and should plan to meet with the Honors Program Coordinator to discuss a plan to improve their academic performance.
Requirements to Graduate as an Honors Scholar

The completion of EKU Honors requirements qualifies a student to be considered as an Honors Scholar. To qualify as an Honors Scholar, a graduating student must:

- Complete all course requirements of their Honors curriculum track (see “Curriculum Tracks & Requirements,” pp. 10-12)
- Satisfy all requirements for an undergraduate degree from EKU
- Graduate with a minimum cumulative GPA of 3.0 (for those who entered EKU Honors prior to Fall 2015) or 3.2 (for those who entered EKU Honors in Fall 2015 and after)

Honors Scholars receive special recognition by EKU Honors, as well as by the university, including:

- Formal recognition at the Honors Convocation event, held at the end of each semester
- Formal recognition in the university’s commencement bulletin
- Formal recognition on the student’s official academic transcript
- Formal recognition on the student’s diploma with a special gold seal
- A maroon mortarboard to wear at graduation, instead of the traditional black mortarboard
Activities, Events, & Conferences

EKU Honors provides a wealth of activities and events each year, in addition to traveling to a number of conferences each year, as well as providing a wealth of activities and events. Each Monday, Honors emails a weekly digest of events and activities called, “This Week in Honors,” where students can find the most up-to-date information.

Activities and Events:
EKU Honors hosts numerous activities and events throughout the year. Regular activities include:
♦ Monthly pizza suppers held in the basement of Burnam Hall
♦ Beginning and end-of-the-year cookouts, held outside Burnam Hall
♦ Service opportunities and activities organized by the Honors Student Advisory Council (HSAC)
♦ Programming on topics of student interest, including advising and registration, graduate and professional school preparation, completing the Honors Thesis, and more

(Activities, Events, & Conferences continued on next page)
Activities, Events, & Conferences

Conferences:
Each year, EKU Honors travels to four conferences. Students who have a proposal accepted for presentation at these conferences travel to these events at minimal cost (typically only a few meals; major expenses – transportation, registration, hotel – are covered by the Honors). EKU Honors consistently brings one of the largest, if not the largest, student contingent to each of these conferences.

Kentucky Honors Roundtable (KHR) – meets once each semester
♦ KHR is the state association of Honors Programs and Colleges. Conferences are held once each semester and are hosted by each school on a rotation basis. The typical conference includes dinner and social activities on Friday evening, followed by a program of student presentations on Saturday.

Southern Regional Honors Council – meets once a year, typically in March or April
♦ This is the regional association of Honors Programs and Colleges to which we belong. A regional conference is held each spring. Proposals for this conference are usually submitted in January preceding the conference. Recent conferences have been held in Savannah, GA; Greenville, SC; and Orlando, FL.

National Collegiate Honors Council – meets once a year, typically in October or November
♦ This is the national association of Honors Programs and Colleges to which we belong. A national conference is held each fall. Proposals for this conference are usually submitted in February preceding the conference. Recent conferences have been held in New Orleans, LA; Denver, CO; and Chicago, IL.
Leadership Opportunities

Honors students are typically leaders on campus, both inside and outside the classroom. While there are many, many opportunities for leadership at EKU, there are also specific ways in which students can provide leadership and service to EKU Honors.

Honors Student Activity Council (HSAC):
The Honors Student Advisory Council (HSAC) is the student-elected, student-governed body in EKU Honors that organizes service events and activities for all Honors students. HSAC’s mission is to foster a spirit of service throughout the Honors community.

HSAC consists of a President, Vice-President, Communications Coordinator, Finance Coordinator, and Service Coordinator. A current list of HSAC members is available at http://honors.eku.edu/HSAC. These positions are elected each spring by the Honors Program student body to serve during the next academic year. Nominations and elections will be announced via email to all Honors students.

Honors Ambassadors:
Honors Ambassadors are an elite group of Honors students who serve as student representatives among the EKU student body, the community, and most importantly, prospective honors students. Through various EKU recruiting events, Ambassadors serve as an extension of EKU Honors as they speak with prospective students and their families about Honors while answering questions and distributing promotional items and brochures. Honors Ambassadors share their experiences in EKU Honors and give an insider’s perspective of life at EKU. Honors Ambassadors receive one hour of HON 390 course credit (Directed Topics in Honors).

Honors Ambassadors are selected through an application and interview process each spring. For more information about Honors Ambassadors, including upcoming deadlines for application, please visit http://honors.eku.edu/HonorsAmbassadors.

(Leadership Opportunities continued on next page)
Leadership Opportunities

HON 100 Student Mentors:  
Each year, a handful of honors students get the chance to work as student mentors with faculty in our HON 100 Honors Seminar course, serving as assistants to the faculty member and as mentors to the freshmen enrolled in the course. Student mentors receive one hour of HON 390 course credit (Directed Topics in Honors).

HON 100 Student Mentors are selected during the spring each year for the following fall’s courses. For more information about HON 100 Student Mentors, including upcoming deadlines, please visit: http://honors.eku.edu/HON100Mentor.

Honors LLC Resident Assistants (RAs):  
The RAs who serve the Honors LLC are required to be members of EKU Honors. University Housing conducts the application, interview, and hiring process for RAs each year; please contact University Housing (http://www.housing.eku.edu) for more information.
Frequently Asked Questions

EKU Honors maintains a Frequently Asked Questions page on its website at http://www.honors.eku.edu/FAQ. Questions are added and answers maintained on a continual basis. Please be sure to check this website first for any of your questions. If you’re questions aren’t answered, see the “Who to Contact If…” section below.
